PRODUCT OBJECTIVE

The Global X EURO STOXX 50 ETF (ESTX) seeks to provide investment results that correspond generally to the price and yield performance, before fees and expenses, of the EURO STOXX 50® Index.

For informational purposes only. This document should be used to highlight some of the criteria to be used by the index provider when publishing index constituents and is not comprehensive.*

EURO STOXX 50® INDEX

SELECTION

The index universe are stocks in the Eurozone region defined by the EURO STOXX index.

SELECTION POOL

- All stocks from the 20 EURO STOXX Supersector indices are ranked in terms of free-float market capitalisation.
- The largest stocks are added to the selection list until the coverage is close to 60% of the free-float market capitalisation of the corresponding EURO STOXX TMI Supersector Index.
- The largest 40 stocks are ordered in terms of market capitalisation and the remaining 10 stocks are selected from the largest remaining current stocks ranked between 41 and 60.

WEIGHTING SCHEME

- Free Float Market Cap Weighted.
- Components are capped at a maximum weight of 10%.

REBALANCES/REVIEWS

Rebalanced quarterly and reviewed annually in September.

*For the complete and current index methodology please refer to the index provider's website. This summary document is accurate as of the time of its publication and Global X does not guarantee that it is current at any point thereafter.

The selection of the index constituents and their weighting is made by the index provider at its sole discretion.

Global X Management (AUS) Limited ("Global X") (Australian Financial Services Licence Number 466778, ACN 150 433 828) is the product issuer. Offers of interests in any retail product will only be made in, or accompanied by, a Product Disclosure Statement (PDS). In respect of each retail product, Global X has prepared a target market determination (TMD). Each PDS and TMD is available at www.globalxetfs.com.au. The information on this website is general in nature only and does not take into account your personal objectives, financial situations or needs. Before acting on any information, you should consider the appropriateness of the information having regard to your objectives, financial situation or needs and consider seeking independent financial, legal, tax and other relevant advice having regard to your particular circumstances. Any investment decision should only be made after obtaining and considering the relevant PDS and TMD. Investments in any product issued by Global X are subject to investment risk, including possible delays in repayment and loss of income and principal invested. The value or return of an investment will fluctuate and an investor may lose some or all of their investment. Past performance is not a reliable indicator of future performance.

Diversification does not ensure a profit nor guarantee against a loss. Brokerage commissions will reduce returns. This material represents an assessment of the market environment at a specific point in time and is not intended to be a forecast of future events, or a guarantee of future results.
