

2026 Investor Checklist

Three Financial Steps for the New Year

Step 1 Portfolio Audit and Health Check

- ☐ Evaluate portfolio performance, review what worked, what didn't, and why
- ☐ Check your asset allocation and rebalance if needed
- ☐ Review how much you've paid in fees (e.g. management fees, brokerage fees)

Step 2 Positioning for 2026

- ☐ Check if portfolio is built to handle different market conditions
- ☐ Consider exposure to long-term structural growth themes
- ☐ Read the **Global X 2026 Market Outlook** to help identify opportunities and risks

Step 3 Reset Your Habits: Invest Better in the New Year

- ☐ Reflect and record mistakes and lessons from 2025
- ☐ Create rules and guardrails to guide behaviour and limit emotional decision-making
- ☐ Build disciplined investing habits through dollar-cost averaging, **dividend reinvestment plans (DRPs)**, and asset class diversification
